GYTR

GYTR® – Four letters that spell exhilaration

Genuine Yamaha Technology Racing (GYTR®) engineers have been bringing industry-leading technology to every performance accessory they've designed for over 40 years.

From the early days of the "GYT KIT" to today's GYTR, Yamaha's relentless quest for the podium, mixed with a passion to win, has driven Yamaha engineers to design and develop race-caliber parts that could push already-dominant Yamaha machines to the next level. GYTR's technology has helped to propel Yamaha Factory Racing Teams to more podiums than any other brand – it's not just a statement, it's a reality.

Nowhere else in Powersports do you find true race-proven performance mixed with title-winning accessories developed by an OEM and available to all Yamaha riders.

GYTR accessories are designed in tandem with your Yamaha for unmatched integration, using state-of-the-art materials like carbon fiber and aircraft-grade aluminum. You'll also find technologies like REM® finishing, a finishing technology that, on a nano level, allows for better lubrication of internal engine components – to gain even more horsepower for that slight extra edge.

Once the design is complete, GYTR items undergo the highest level of performance and durability analysis, which is backed up by a factory warranty. This makes GYTR accessories the only Yamaha-backed, expertly-developed performance products – made for your Yamaha, by Yamaha.

So whether you're shredding the track, dust-ruffling the trail, or gliding on snowy slopes, the race-quality you want is ready whenever you are with GYTR performance products. A wide range of performance-enhancing components is available for anyone looking to boost their Yamaha bikes, parts and full race kits.

Be Smart. Keep it Genuine.

To ensure that your Yamaha delivers optimum performance with long-term reliability, we recommend that you always use Yamaha Genuine Parts. Our high-quality spare parts comply with proven safety standards, fit perfectly and have a high resistance to wear - giving you peace of mind.

By using an Official Yamaha Dealer for servicing, you can be sure that all maintenance is carried out by highly skilled Yamaha Technicians using Genuine Parts and Yamalube products.

Our technicians are regularly trained at the Yamaha Technical Academy, giving them the expert knowledge and in-depth experience needed to keep your Yamaha in factory-fresh condition. For more detailed information please consult your local Yamaha dealer or visit our website.

A Liquid Engine Component

At Yamaha we appreciate that our products instill a unique pride of ownership amongst our customers, and in recognition of their loyalty to the brand we have developed the Yamalube range of lubrication and maintenance care products.

Our Yamaha engineers consider oil as a liquid engine component that is one of the most important parts of your Yamaha engine. Choosing Yamalube really does make a difference.

By always using Yamalube you can be sure that your engine has the potential to run at peak performance, and deliver the durability and reliability that you expect from every Yamaha. We also manufacture a range of care products that keep your pride and joy in tip-top conditions. Your local Yamaha dealer can advise you on the best Yamalube product for your Yamaha or visit our website.
